

FLEXTOOL PROFINISH[®] WALK-BEHIND POWER TROWEL FP440-2

The Flextool ProFinish Walk-Behind Power Trowel FP440-2 is built for the professional contractor. Fitted with precision engineered components including durable spider plates, blade tilt levers and pressure plates, this machine ensures the best possible flat floor results are achieved on each and every slab.

Equipped with highly efficient gearboxes, maximum torque is transferred to the trowel rotors for superior performance at low, medium and high rpm.

Designed around operator experience, efficiency and durability, the Flextool ProFinish Series 2 provides optimum balance and smooth operation, making it ideal for residential and commercial projects.
