

FLEXTOOL PORTAVIBE[®] BACKPACK FVE-BP

The Flextool PortaVibe Backpack concrete vibrator combines performance and comfort. The ergonomic contouring aluminium frame design and 4-point fully adjustable padded harness evenly distribute weight to both shoulders and hips to improve user comfort whilst reducing back strain and fatigue.

Heavy-duty yet lightweight frame
Heavy-duty welded aluminium for extra strength

Storage pouch
Safely store personal items

Honda GX35 engine
Provides hassle free operation and low engine emissions

Fully adjustable 4-point harness

- Even weight distribution for improved operator comfort
- Breathable padding
- Heavy-duty nylon fabric for strength and easy cleaning

Easy access control
Swing control arm for easy rpm adjustment and access to emergency shut-off switch

Quick-connect fitting
Quick screw fitting for easy fitting of flexshaft

Vibration isolators and swivel base

- Isolates vibration transfer to the operator
- Swivel base for improved manoeuvrability and reduced back strain

Flexshaft rubber support sleeve

- For reduced vibration transfer to operator
- Available in 2 m and 3 m lengths

Vibrator head

- Available in 34 mm and 44 mm diameters
- Hardened steel for extended service life

POWERED by
HONDA
