KRAFT TOOL CO TROWEL BLADES

TROWEL BLADES

Kraft Tool Co Orange Thunder Trowel Blades are designed for finishing concrete projects with walk-behind power trowel machines. Made from advanced, lightweight KO-20™ technology, these blades provide even coverage and do not leave burnish marks. The KO-20™ material is impact resistant for extended wear and the blade won't absorb liquids preventing corrosion and rust, and making them easy to clean. Suitable for use with various brand's walk-behind power trowels, these blades are a popular choice for polished and decorative concrete.

Machine Model Compatibility	Blade Model Number	Product Description	Blade Size (mm)	Blade Size (in)	Blade Weight (kg)	Blades Per Pack			Product Code
