

CONCRETE POWER SCREEDING

FLEXTOOL[®] PORTASCREED[®] FPS-3

Featuring high frequency vibration across the entire width of the extrusion blade, the PortaScreed FPS-3 delivers accurate and high-quality screeding that is much faster than traditional screeding methods. The FPS-3 has been optimised to improve operator comfort and efficiency, incorporating handle vibration isolators for reduced vibration transfer, a fully adjustable twin handle system for easy height adjustment and a sturdy spring-loaded kickstand for straightforward re-fueling and storage.
